

Sept. 2006

Crossland Construction recently finished a high end kitchen remodel for my wife and me. Derrick and his crew showed up each and every day they were scheduled, on time and worked diligently. They also took great care in not damaging any existing or new furnishings, walls and floors. Derricks cabinet install and trim work are without equal .. his mitres are perfect!

All phases of the project, including tear out, electrical, plumbing, drywall and texturing were done to our complete satisfaction and the job was finished on time.

I would highly recommend Crossland Construction.

Sincerely,

A handwritten signature in black ink, appearing to read "Douglas J. Conway". The signature is written in a cursive style with a prominent horizontal stroke at the end.
